**RE: Letter of Endorsement**

Dear Sirs:

Ayus proved amazingly effective at preventing scale on our equipment. The equipment looks brand-new with no maintenance a year after installing Ayus where we would normally need to remove scale twice a month. We recommend Ayus to anyone wants to save money on equipment maintenance and energy costs associated with water and the minerals deposits from it.

About the company: Sheraton Chicago Hotel & Towers is one of the largest hotels in Chicago with over 1,200 rooms. The Property is owned by Tishman Hotel & Realty which also owns the Swan and Dolphin and Hilton hotels in Disney World Florida and the Westin and Intercontinental hotels in New York City's in Times Square.

Sincerely,

**Sheraton Chicago Hotel and Towers**

Vince Hart,  
Director of Engineering
