PBS-400

Commercial Grade Drinking Water System for the Prep Sink and the Wet Bar

Model # 9270-85 PBS-400 List Price: \$ 327.50

PBS-400 introduces great tasting, crisp, clean filtered water at the prep sink for washing and preparing vegetables and fruits, at the pot filler for making pasta, soups and sauces, and at the wet bar for mixing drinks and making ice.

Features

- ❖ Finely polishes treated water to premium quality for drinking
- ❖ Removes parasitic protozoan cysts such as Giardia, Entamoeba, Cryptosporidium
- ❖ Reduces lead to below EPA standards of 10 ppb
- ❖ Reduces chlorine taste and odour
- ❖ Inhibits limescale build-up in water-using appliances
- ❖ NSF certified for Standard 42 and Standard 53
- ❖ Mounts under the sink and is plumbed to the standard prep sink faucet, pot filler, or wet bar faucet
- ❖ At only pennies per gallon, this system is less expensive per glass than bottled water or other drinking water systems
- ❖ Filter capacity 3000 gallons
- ❖ Flow rate 2.2 gpm
- ❖ Space required for installation 5" x 5" x 20"
