# HOW DO I NAVIGATE THE SITE?

# NAVIGATION

---

## HOW DO I NAVIGATE THROUGH THE SITE?

### 1. Choose your application.

The screenshot shows the top navigation bar of the Pentair Everpure website. The header includes the Pentair Everpure logo on the left and a welcome message on the right. Below the header is a dark blue navigation bar with a dropdown menu open for the '1. Choose Your Application' link. The dropdown menu lists various application categories. A red callout box with an arrow points to the 'Coffee' option in the dropdown.

**PENTAIR EVERPURE**

Welcome to EverpureSizing.com. Here you'll be able to quickly find the right Everpure solution for your application.

For other assistance, please contact Pentair Everpure Technical Support at 800.942.1153, 630.307.3000 or [ServiceSpecialist@pentair.com](mailto:ServiceSpecialist@pentair.com)

Choose your application

# NAVIGATION

## HOW DO I NAVIGATE THROUGH THE SITE?

2. Make the required selections within that application.
  - This will produce a recommended selection.

The screenshot displays the Pentair Everpure website interface. At the top left is the Pentair Everpure logo. To the right, a welcome message states: "Welcome to EverpureSizing.com. Here you'll be able to quickly find the right Everpure solution for your application." Below this, contact information for technical support is provided: "For other assistance, please contact Pentair Everpure Technical Support at 800.942.1153, 630.307.3000 or [ServiceSpecialist@pentair.com](mailto:ServiceSpecialist@pentair.com)".

The main content area is divided into three columns:

- 1. Choose Your Application:** A list of beverage types is shown, with "Coffee" selected and highlighted in blue. A red box with the text "Make the required selections within the application" has two red arrows pointing to the "Coffee" selection and the "AXIOM-15-3" model number in the next column.
- 2. Choose Your Options:** This column contains two dropdown menus. The first is labeled "Choose the manufacturer:" and is set to "Bunn Axiom Brewers". The second is labeled "Choose model number:" and is set to "AXIOM-15-3".
- 3. Get Your Results:** This column shows the "Recommended Selection" for the chosen application and options. It features a dark header with a downward arrow and the text "Recommended Selection". Below this, the system is identified as "Everpure QL3-BH<sup>2</sup> System" (model EV9272-00) with a list price of \$186.00. A small image of the system is shown to the right. The description states: "The system features unique precoat technology and Micro-Pure II media to deliver premium quality ingredient water and protection from scale damage." Below the description, two bullet points are listed: "Capacity: 3,000 gallons (11,636 liters); Flow Rate: 0.5 gpm (1.94 lpm)" and "Cartridges are included". At the bottom of this column, there is a section for "Alternate Selection" with a rightward arrow.

3a. You are able to choose from the alternate selection criteria to get another result.

The screenshot displays the EverpureSizing.com website interface. At the top, the Pentair Everpure logo is on the left, and a welcome message is on the right: "Welcome to EverpureSizing.com. Here you'll be able to quickly find the right Everpure solution for your application. For other assistance, please contact Pentair Everpure Technical Support at 800.942.1153, 630.307.3000 or [ServiceSpecialist@pentair.com](mailto:ServiceSpecialist@pentair.com)".

The main content area is divided into three columns:

- 1. Choose Your Application:** A list of beverage types including Coffee, Espresso, Fountain, Frozen Carbonated Beverage, Hot Water, Ice, Iced Tea, Specialty Beverage, Steam Oven, and Whole Store.
- 2. Choose Your Options:** A section for selecting manufacturer and model. The manufacturer is set to "Bunn Axiom Brewers". A red box highlights the "Choose model number:" dropdown menu with the text "Choose from the alternate selection criteria to get an alternative result".
- 3. Get Your Results:** This section shows the "Recommended Selection" and "Alternate Selection" options. Under "Alternate Selection", there are checkboxes for "Alternative Head" (checked), "High Capacity", and "Value Option". There is also a checkbox for "With Prefilter" and a "Submit" button.

Below the "Alternate Selection" section, two product recommendations are shown:

- HEAD: Everpure QL1 Single Head** (EV0256-17 | List Price: \$48.80). Description: "This head is a single head with 3/8" JG connections and compatible with almost all Everpure cartridges." Features: 3/8" JG connection, Cartridges sold separately.
- CARTRIDGE: Everpure BH<sup>2</sup> Cartridge** (EV0612-50 | List Price: \$108.00). Description: "The cartridge features unique precoat technology and Micro-Pure II media to deliver premium quality ingredient water and protection from scale damage to coffee brewers." Features: Capacity: 3,000 gallons (11,636 liters); Flow Rate: 0.5 gpm (1.94 lpm); Includes cyst protection and bacteriostatic; Head sold separately.
